

# *SCHOOL* *PROSPECTUS*

Hessle Mount is a family owned and run independent preparatory school with over 35 years experience. We feel that we can offer your children an environment which is warm, friendly and stimulating, encouraging them to enjoy a love of learning and the desire to succeed.

As children spend a large part of their lives at school, it is important that the school environment is safe, happy and secure, as well as academically stimulating and of the highest quality.

From the beginning, we aim to instill confidence and a sense of self-worth within the caring atmosphere of our school so that our children can reach their full potential.

The strong academic tradition of **Hessle Mount School** and the ethos of the School depend upon each member and parent being respected, valued and supported, and on the encouragement of hard work and positive attitudes.

We look forward to meeting you and your children.
